March 14, 1975

OBSOLETE

ALL-COUNTY LETTER NO. 75-59

Superseded by

ACL # 77-15

TO: ALL COUNTY WELFARE DIRECTORS
ALL COUNTY FOOD STAMP COORDINATORS

Issued 3-17-77

SUBJECT: FOOD STAMP PROGRAM - DRUG ADDICT AND ALCOHOLIC TREATMENT AND
REHABILITATION CENTERS

REFERENCE: DIVISION 63 SDBP FS REGULATIONS SECTIONS 2330, 2330.1, AND 2216;
USDA FNS PUBLICATION 732-1; P.L. 92-255; P.L. 93-282; P.L. 91-616.

This is to advise you of the procedure by which drug addict and alcoholic treatment and rehabilitation centers may secure authorization to participate in the Food Stamp Program on behalf of their residents, as described under Section 2330, Division 63, SDBP FS Regulations, and the Food Stamp Certification Handbook (USDA FNS Publication 732-1). Also included are instructions regarding individual residents of centers which do not provide the majority of the residents' meals.

Instructions for Drug Addict Treatment and Rehabilitation Centers

Drug addict treatment and rehabilitation centers are certified by the State Department of Health (DOH), Substance Abuse Program pursuant to guidelines issued under Section 2330.1 of the Food Stamp Certification Handbook and under authority delegated by the State Office of Narcotics and Drug Abuse pursuant to P.L. 92-255, "Drug Abuse Office and Treatment Act of 1972." Operators of drug abuse treatment facilities desiring to participate in the Food Stamp Program should contact their respective county drug program coordinator (see Attachment #1) to make application for certification. The county drug program coordinator will initiate any investigative procedures required as outlined in the attached documents (Attachment #2) and submit a recommendation to the Department of Health, Substance Abuse Program, for final state approval.

Upon approval, Substance Abuse Program, DOH, will file a copy of the certification document with the Facilities Licensing Section, DOH, (916) 445-3281. The original certificate of state approval will be forwarded to the treatment facility making application.

All certifications awarded under this program will be limited by a six-month expiration date with the opportunity for periodic renewal upon application.

After securing state certification, the drug treatment center may apply to the appropriate Food and Nutrition Service Officer-In-Charge (OIC) for federal authorization (see Attachment #3). The individual resident of the treatment center may then apply for food stamps with his authorized representative at the respective county welfare department.

Instructions for Alcoholism Treatment and Rehabilitation Facilities

Alcoholism treatment and rehabilitation facilities are certified by the State Office of Alcohol Program Management (OAPM) under the California Health and Welfare Agency, as authorized pursuant to P.L. 93-282, "Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act Amendments of 1974," P.L. 91-616, "Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment, and Rehabilitation Act of 1970," and S. B. 204-1973. Operators of alcohol treatment and rehabilitation centers seeking state certification should direct their inquiries to Milt Giberson, Office of Alcohol Program Management, 825 Fifteenth Street, Sacramento, CA 95814. All records of certification will be maintained by OAPM, (916) 322-2974. Upon approval, the facility making application will receive an OAPM certification document (Exhibit #A).

Applicants seeking OAPM certification should be aware of the fact that a valid state license issued by Facilities Licensing Section, DOH, or a license application in process is a necessary prerequisite for securing certification. State licensure or application for licensure must be on file with the appropriate Licensing Field Services District Office or Sub-office (see Attachment #4) of the Facilities Licensing Section.

After securing OAPM certification, the Alcohol treatment facility may apply to the appropriate Food and Nutrition Service Officer-In-Charge for federal authorization (see Attachment #3). Following authorization, the individual resident of the treatment center may then apply for food stamps with his authorized representative at the respective county welfare department.

Instructions for Individuals

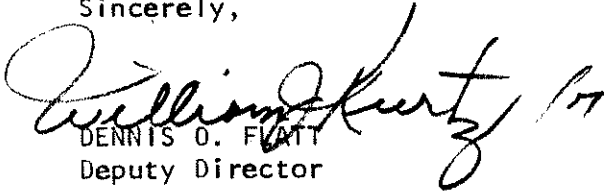

As stipulated under Section 2216, Division 63, SDBP FS Regulations, individual residents for whom the treatment and rehabilitation facility provides the majority of their meals would be ineligible to participate in the Food Stamp Program independently of their center. However, as also stated under Section 63-2216 of the Food Stamp Manual, individual residents of a center who do not receive their meals from that center may be eligible for food stamps provided they have access to cooking facilities to prepare their own food and separate food storage, or are participating in either a delivered meals or communal dining program and meet all other eligibility criteria. Such individuals who are not provided meals by their centers may apply for food stamps as individuals; they need not apply with the center acting as authorized representative.

Attached for your information is a letter of instruction (see Attachment #2) to all county drug program coordinators outlining the necessary procedures and guidelines. Sample copies of OAPM and Substance Abuse certification documents

are attached (see Exhibits #A and #B). Also included are lists of FNS OIC, county drug program coordinators, and Facilities Licensing Section district/sub-offices.

Program questions regarding these procedures should be directed to Beth Hardesty Fife, Food Stamp Systems Bureau (916) 445-6907. Questions related to the drug abuse program should be directed to Gene Vittori, Substance Abuse Program, (916) 322-6680. Questions concerning alcohol program issues should be directed to Milt Giberson, OAPM, (916) 322-2974.

Sincerely,

DENNIS O. FLATT
Deputy Director

STATE OF CALIFORNIA—HEALTH AND WELFARE AGENCY

DEPARTMENT OF HEALTH

714 P STREET

SACRAMENTO, CALIFORNIA 95814

February 20, 1975

TO: COUNTY DRUG PROGRAM COORDINATORS SAP 75-4

SUBJECT: CERTIFICATION OF RESIDENTIAL DRUG ABUSE TREATMENT
FOR THE FOOD STAMP PROGRAM

SAP memorandum 75-1 of January 10, 1975, presented procedures by which a residential drug abuse treatment program could obtain approval to receive food stamps on behalf of its residents. That approval procedure however, was not honored by the Food and Nutrition Service (FNS), of the Department of Agriculture because it was not satisfied that the State Office of Narcotics and Drug Abuse (SONDA) was in compliance with federal laws and regulations (Title 7 - Agriculture, Chapter II, Food and Nutrition Service, Department of Agriculture, Food Stamp Program, and Public Law 92-255). These laws and regulations require, among other things, that the State provide for licensing or accreditation of residential drug abuse facilities and that certification of such facilities be by the State agency designated by the Governor or responsible for the administration of the State's programs for drug addicts pursuant to Public Law 92-255.

Through a series of meetings with FNS and SONDA, it has been agreed that the Substance Abuse Program may be authorized to approve programs for food stamps provided the January 10 approval procedures are amended as follows:

1. Residential treatment programs seeking approval to receive food stamps on behalf of its residents will submit a request to the County Drug Program Coordinator. The request will contain the following information:
 - a. The name, address, and signature of the applicant, whether person, persons, association, partnership, or corporation.
 - b. The name and address of the residential program director.
 - c. The name and address of the residential program facility.
 - d. A description of the programs and services provided.
 - e. The maximum number of persons who will reside at the residential facility.

2. The Coordinator shall visit the program to verify the existence of the facility and evaluate the program in meeting the following eligibility criteria:
 1. Be a private non-profit organization (separate treatment programs, or units; within the same organization must apply separately) providing treatment that can lead to the rehabilitation of drug addicts.
 2. Is not receiving federally donated foods in duplication of food stamp program benefits (i.e., if a program has 100 clients in residence and federally donated food will feed 50 of them, no more than the other 50 may receive food stamps jointly with the program).
3. The Coordinator shall consider the findings and recommendations pertaining to the program as reported by the County Technical Advisory Committee pursuant to Section 5606.5 of the Welfare and Institutions Code and findings through his/her own investigations. The Coordinator shall withhold approval of programs where irresponsibility in fiscal management, and/or health and safety codes are violated to the extent the client is placed in jeopardy.
4. Based on the above eligibility criteria and his/her investigation the Coordinator shall recommend approval or disapproval. (Should the program not be registered in accordance with Section 5903 of the Welfare and Institutions Code, the Coordinator should take action to do so).
5. If the Coordinator considers the program ineligible, he/she will notify the County Welfare Agency and the program stating the reasons for disapproval.
6. If the Coordinator recommends the program for approval, he/she completes an approval letter and supporting data (attached) and forwards them to the Substance Abuse Program, Department of Health.
7. Approval letters will be reviewed and approved by the appropriate Community Program Analyst. They will be for six months and may be extended for additional six month intervals by the same process. Upon approval by the analyst, copies of the approved letter will be disseminated to the following:
 - a. The applying program.
 - b. County Drug Program Coordinator.
 - c. County Welfare Agency.

February 20, 1975

- d. Department of Health Licensing and Certification Program.
 - e. Department of Benefit Payments, Food Stamp Program Management Branch.
 - f. Officer-In-Charge (OIC) of the local FNS.
8. The Coordinator should refer approved programs to the OIC of the local FNS for further processing.

The above approval procedure will most likely be revised when the licensing of residential drug abuse treatment programs becomes effective.

Please notify the treatment programs in your county as soon as possible of these amended guidelines and procedures for food stamp eligibility. Also resubmit to the Substance Abuse Program approval letters previously submitted using the form attached.

We regret this inconvenience. We had been led to believe that our previous procedure had been accepted by the Food and Nutrition Service. This was not true and amendments to the procedures were required. If you have any questions, please call Gene Vittori at (916) 322-6680.

Sincerely,

Roger B. King
